SEACHROME ACCESSIBILITY BATH PRODUCTS

SEACHROME

SEACHROME

We believe in enduring relationships and quality craftsmanship.

The Seachrome Story

At Seachrome, it is our mission to provide innovative, stylish, reliable and affordable accessibility bath products that improve quality of life for our end customers. We believe that true quality starts with products that meet the highest standards of craftsmanship and functionality – backed by personalized customer relationships that stand the test of time.

Our company was founded in 1955, and has been a thriving, family-owned business for the past 30 years. We consider our employees and customers to be part of the Seachrome family. We employ a team of over 100 employees, many of whom draw upon decades of industry expertise. It's how we've done business for the past 60 years, and it's what we're dedicated to providing in the future.

Who We Serve

Seachrome products are sold through a trusted network of dealers and distributors. We partner with customers in a wide range of industries, including home fixture, plumbing and transportation, contract hardware, plumbing wholesale, retrofitting and kitchen and bath remodeling, durable medical equipment (DME), specialty retail and e-commerce distribution.

Our Capabilities

Our customers appreciate the opportunity to work with a partner who brings unparalleled expertise in accessibility fixtures to every project.

Four distinctive product lines

Choose from our Signature, Lifestyle & Wellness, Bath Accessories or CAL series product offerings for a wide variety of accessibility and washroom needs.

Custom fabrication services

We offer full engineering and design capabilities on site at our expansive Long Beach, California, headquarters, including state-of-the-art CAD/CAM capabilities, precision metal production, a polishing department, custom tooling, laser cutting and powder coating operations, prototype creation, testing, domestic and import production capabilities and Supplier Managed Inventory (SMI) programs.

Global sourcing capabilities

We work with a worldwide network of factories and manufacturers, for items that range from raw materials to finished goods – and we enforce rigid Quality Assurance oversight, to ensure that your finished product meets the highest standards.

Industry expertise

We are happy to serve as an advisory resource for customers who require assistance in achieving Americans with Disabilities Act (ADA) compliance for their properties or businesses. We draw upon extensive knowledge of ADA guidelines, and can assist with compliance with federal and state guidelines for load requirements and other safety standards.

Sustainability

Seachrome embraces an eco-friendly philosophy, using recycled materials whenever possible, for products that are 100% recyclable in finished form and ready for Leadership in Energy and Environmental Design (LEED) compliance.

All Signature series products meet the requirements of the ADA, Buy American and American Recovery & Reinvestment Acts.

Seachrome products are designed with 100% recyclable materials and support LEED compliance.

◆ SIGNATURE SERIES

Comfort and strength meet style – with our Signature series.

Seachrome's Signature series combines durable materials with classic style, for safety and security in hotels, schools, hospitals, healthcare facilities and more. The line includes grab bars, tub/shower seats and accessories that are fabricated from premium quality, aesthetically pleasing materials, for enduring comfort, safety and value.

- Signature series products are made from #304 stainless steel, phenolic white, teak, HDPE, and padded naugahyde.
- The Signature product line incorporates Seachrome's expertise in ADA guidelines, to ensure safety and compliance over long-term use.
- We use recycled materials whenever possible, to ensure that finished products are LEED compliant.
- Signature series grab bars and accessibility seats are Winglts compatible.
- Signature series products are proudly made in the USA.

✦ LIFESTYLE & WELLNESS[®] SERIES

Peace of mind is a beautiful thing – with our Lifestyle & Wellness series.

Today, as more elderly and physically impaired consumers wish to remain in the comfort of their homes, we can support them every step of the way. Our Lifestyle & Wellness series of grab bars and tub/shower seats is designed to integrate decades of Seachrome's experience in structural bathroom support with bold, innovative designs that are perfectly at home in private residences.

- Lifestyle & Wellness series products combine functional support, durability and style, to promote self-reliance, confidence and quality of life for end consumers.
- Lifestyle & Wellness grab bars are crafted from #304 stainless steel, which is 100% recyclable in its finished form and helps to support LEED compliance.

- Silhouette and Profile seats are made using long-lasting phenolic materials available in white and teak finishes.
- Product designs and installation guidelines are developed in alignment with ADA requirements, to provide secure structural options.
- Lifestyle & Wellness series products are proudly made in the USA.

Our values
reflect the
way we do
business.

- Practice what we preach.
- Make it happen.
- Encourage a culture of transparency, accountability, teamwork and partnership.
- Make things better.
- Lead by example.
- Act like it's yours.
- Promote perseverance – and never quit.

At Seachrome, customers are part of the family.

When you work with Seachrome, you get much more than a resource – you get a partner. Whether we're providing initial consultations on ADA requirements, crafting a custom solution from start to finish, or matching your needs with the products that will prove the best fit for your business and budget, we strive to work closely with you through every step of the process. We invite you to rely on our engineering and manufacturing expertise, depend upon our commitment to providing quality merchandise and service, and partner with us – for success on every project. That's the Seachrome promise.

What we offer:

- Total service partnership, from initial concept review through engineering, design, tooling, production and on-time delivery.
- World-class manufacturing with the highest quality standards.
- Design, product development and timely delivery of ADA- and LEED-compliant bath accessories.
- Personalized service that starts with your ability to reach one of our account managers on every phone call.
- One-on-one attention, with a single Account Manager assigned to each account.
- Supplier Managed Inventory (SMI) Programs for high-volume items.
