Version: 2018.v5

## Finish Options

### Stainless Steel

Stainless Steel is a corrosion-resistant Lifetime metal, which makes it ideal for use on exterior doors that are subject to extreme weather conditions. INOX product has a stellar environmental track record with stainless steel manufacturing -- our factories have state of the art processes that dramatically reduce carbon emissions, conserve energy, and recycle raw materials. Our INOX line of stainless steel product brings out the innate beauty of the nickel content.

The mirror-like Bright Stainless Steel (US32/629) finish creates an elegant, modern look that complements and accentuates a variety of decors and architectural styles. Hand polishing in the Satin Stainless Steel (US32D/630) finish exposes the elegant color and smooth texture of this rich metal and ensures a long-lasting finish compared to ordinary plating finishes. Oil Rubbed Bronze (US10B/613) is an enduring living finish that creates unique, distinctive bronze highlights over time. Graphite Black (a non-ceramic option) is deep, rich, and as beautiful as the night.

(19G)

### PVD - Physical Vapor Deposition

PVD is a process that produces a metal vapor deposited on electrically-conductive materials as a thin, highly adhered pure metal or alloy coating. A wide range of decorative PVD colors are available, including brass tones, gold tones, black to grey, silver tones (nickel, chrome), copper and bronze tones. Our PVD finishes are available in bright, satin, or matte tones; note that actual finish may differ from color shown. Contact Sales Department for availability.

Aged Gold

Slate

### CeraMax™ Ceramic Coating

Ceramic coating not only provides a rainbow of new color options, but offers effective abrasive-resistant qualities for areas with adverse weather conditions. Please inquire about color options, lead time, and minimum order quantities (if any). **Never use abrasives to clean ceramic coating.**

Ceramic Graphite  
Black (C19G)

Ceramic Flat Black  
(C19)

Ceramic Stormy  
Grey (CGY)

Ceramic Dark  
Bronze (CDB)

Many other colors available upon special request.

Additional Finish information on page 35.

#### Ceramic Coating:

C19G = Ceramic Graphite Black  
 C19 = Ceramic Flat Black  
 CGY = Ceramic Stormy Grey  
 CDB = Ceramic Dark Bronze

#### Thumb Lever

-BD1022 = TT22  
 -BD1023 = TT23

## BD4000 Privacy Lock for Sliding Barn Door

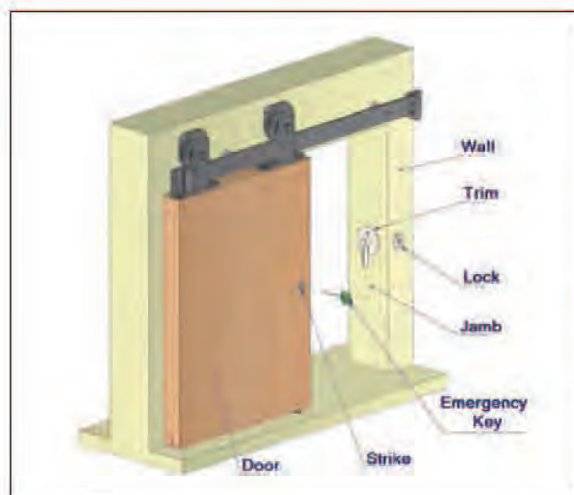

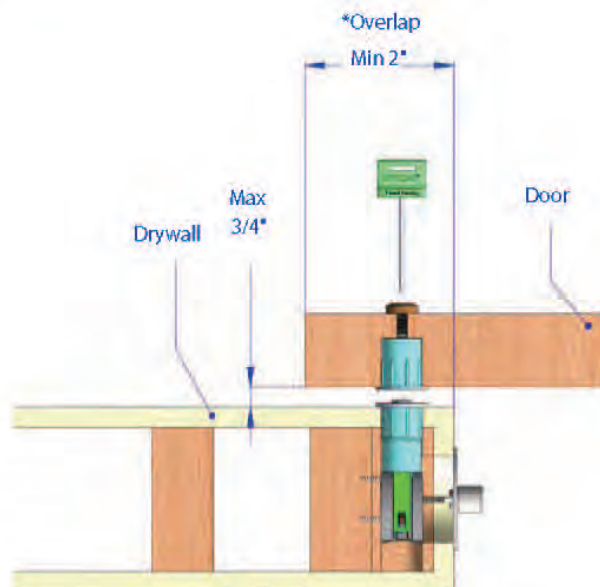

### Application

- A simple and elegant privacy lock for barn door openings for either residential or commercial applications, without having to build out extra frames
- Tubular drive-in bolt installed inside the jamb
- Dust-proof strike installed in the door
- Discrete release button with decorative cap installed on outside of the door for emergency release
- A variety of trim escutcheons with thumbturn installed on jamb side allow locking and unlocking of the bolt from inside
- ADA thumbturn available for commercial and hospitality applications
- Two backsets available: 2-1/4" and 3-1/2"

### Overlap

- \* Door Overlap is the distance from the edge of the door to the edge of the wall. Measure the Door Overlap on the lock side when the door is fully closed.  
NOTE: Standard door opening walls have 2 wood studs behind drywall or trim casing.

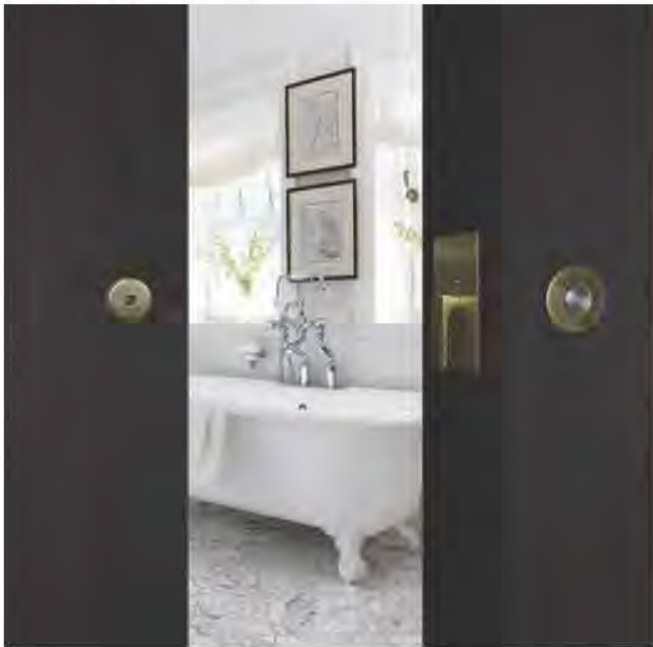

### Installation

- Available on leading and trailing side of the Barn Door

## BD4000 Privacy Lock for Sliding Barn Door

### Wall Thickness

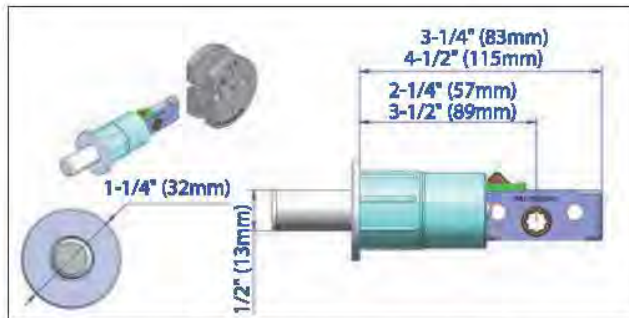

Wall Thickness:  
4-1/2" ~ 6-1/2"  
Lock: BD4214  
Backset: 2-1/4"

Wall Thickness:  
6-1/2" and up  
Lock: BD4312  
Backset: 3-1/2"

### Lock

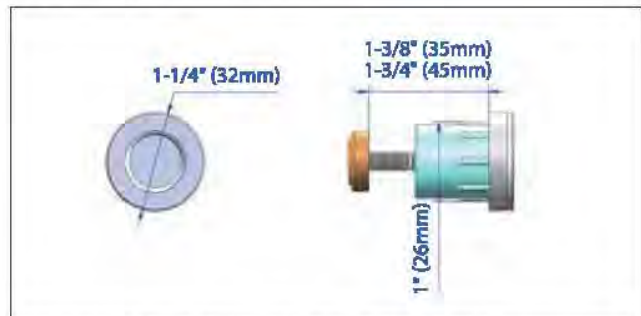

- BD4000 Lock Bolt is mortised into the jamb stud
- Backset available in 2-1/4" (57mm) and 3-1/2" (89mm)
- Drive-in Bolt Casing diameter: 1" (25mm)
- Lock Bolt: 1/2" (13mm) diameter Stainless Steel
- Strike mounted in Barn Door for standard door thickness: 1-3/8" (35mm) to 1-3/4" (45mm)
- Thick Door Kits (TDKs) available
- Handing: Non-handed
- Spindle Hub: 5x5mm square

### Finishes

Bright Stainless (US32)  
Satin Stainless (US32D) Oil  
Rubbed Bronze (US10B)  
Satin Chrome (US26D)  
Satin Bronze (US4)  
Graphite Black (19G)

**Ceramic Coating:**  
Ceramic Graphite Black (C19G)  
Ceramic Flat Black (C19)  
Ceramic Stormy Grey (CGY)  
Ceramic Dark Bronze (CDB)

### Adjustable Dust Proof Strike

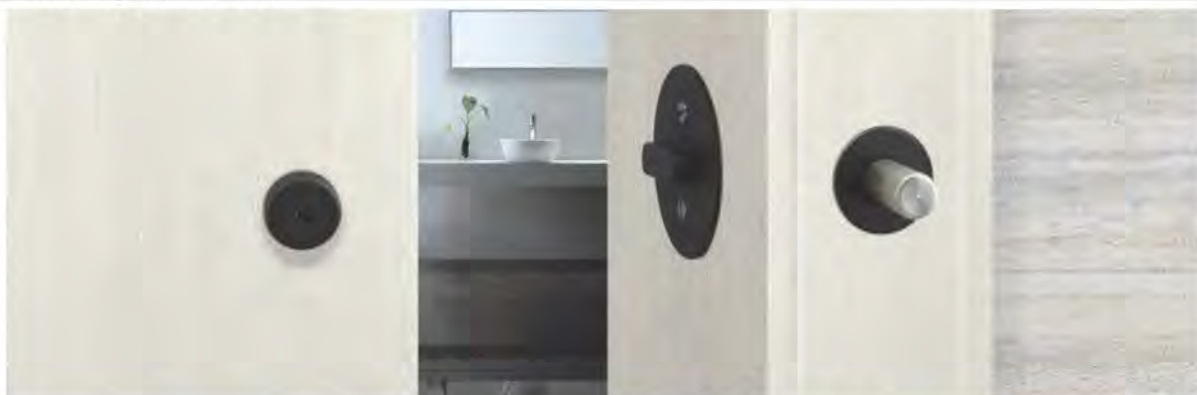

- 1-1/4" (32mm) diameter spring-loaded dust proof strike provides ample space to receive 1/2" (13mm) bolt and allows easy locking by end user

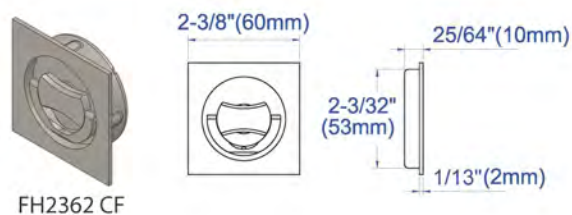

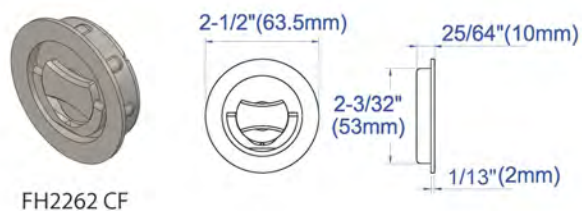

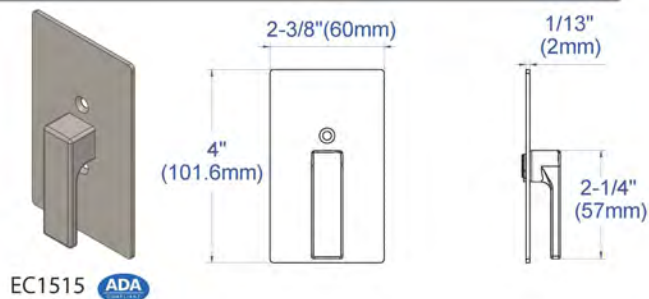

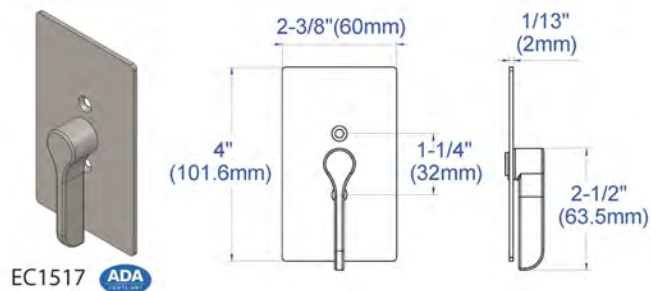

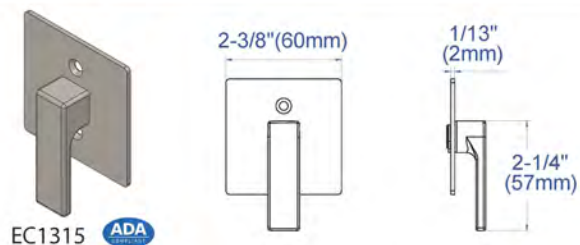

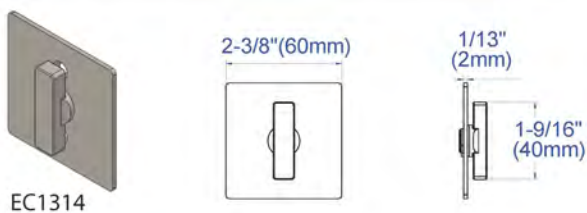

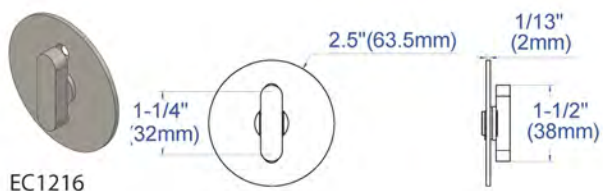

- Minimum aesthetic impact on door surface
- Strike can be adjusted to fit barn door thickness from 1-3/8" (35mm) to 1-3/4" (45mm)
- Thick Door Kits (TDK) available

## BD4000 Privacy Lock for Sliding Barn Door

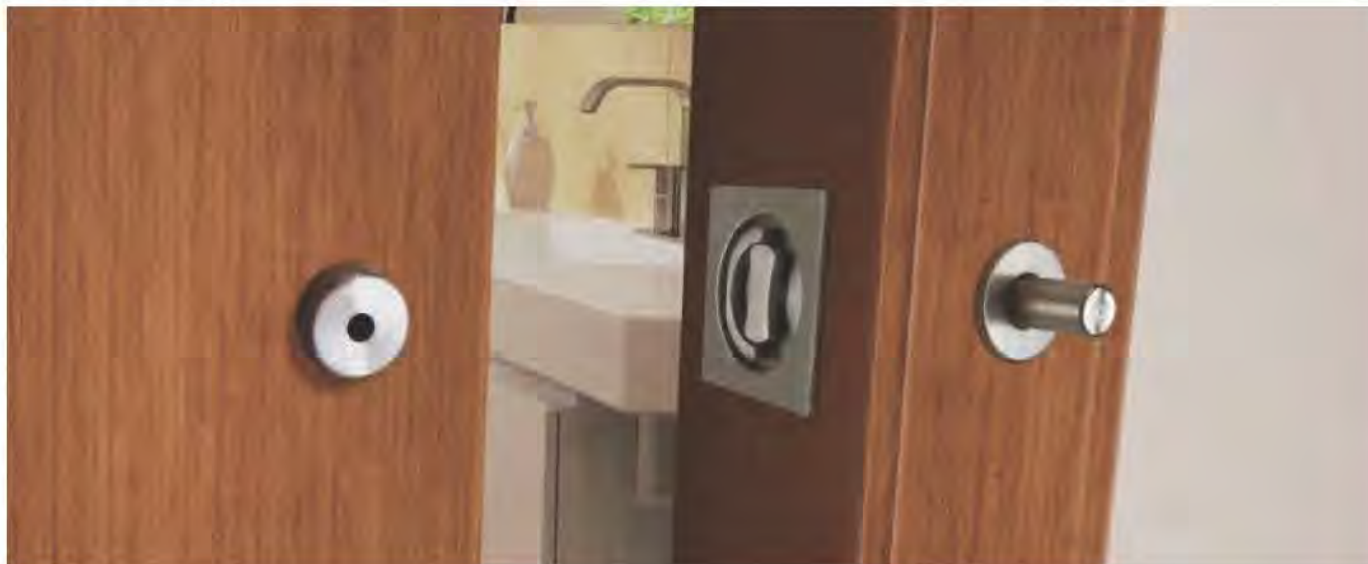

### Escutcheons & Thumbturns

## BD4000 Privacy Lock

### Concealed Trim

#### Concealed Trim

- No visible screws or fasteners
- Two beautiful contemporary designs
- Six designer finishes and four ceramic finishes
- Smooth Stainless Steel thumbturn, flush against wall
- Minimalist emergency release

FH22CF

FH23CF

#### Thick Door Kit for Doors 2" and up

2" (51.8mm)~  
3" (76.2mm)

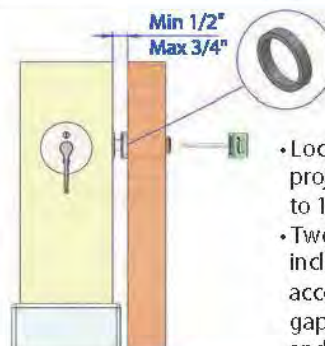

- Available for doors up to 3" thick
- Includes extended screw and extended release
- For thicker doors, please contact an INOX sales representative

#### Optional Face Plate

- Available in Satin Nickel, Satin Bronze, and Black
- Protects wall from possible damage
- INOX Laser Art designs available
- Order **BD-FPC**

#### Spacer Ring

- Lock Bolt has 1" projection and allows up to 1/2" door to wall gap
- Two extra spacer rings included will accommodate up to 3/4" gap between barn door and wall

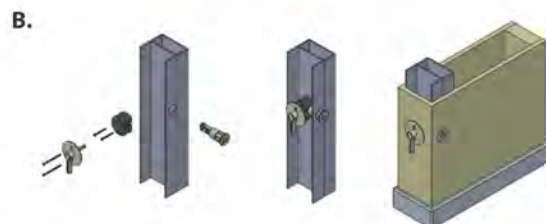

## BD4000 Privacy Lock Installation with Metal Studs in Jamb

### Installation Options

A. (above) requires a 2-1/8" bore through first stud to allow installation on second stud. For B. and C. (below), install bracket on first stud.

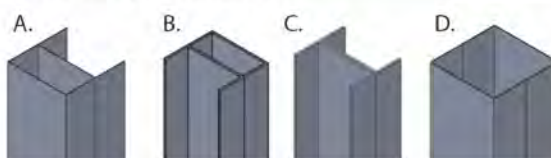

D. requires a special bracket that is only compatible with the rectangular trim shown. This prep requires a 2-1/4" bore on the first stud to allow bracket installation.

### Features

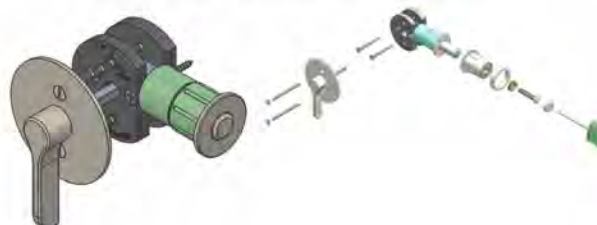

- Can be installed with various stud orientations (as shown below); see [www.inoxproducts.com/resources/How-To-Videos/](http://www.inoxproducts.com/resources/How-To-Videos/) for installation demonstrations
- Most installations require no additional brackets or tools
- Additional bracket available for exception (Figure D)
- Available with ADA compliant thumbturns
- Ten beautiful finishes to complement and enhance any décor
- Can retrofit onto existing doors and jambs

### Orientation of Metal Studs

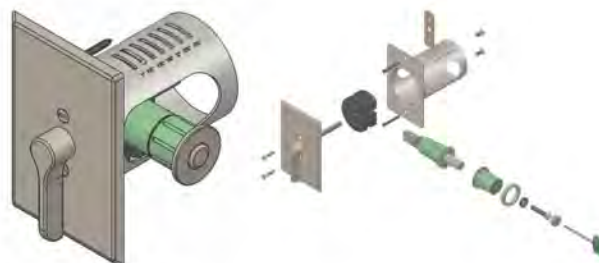

- A. Overlapping - flat surface toward jamb
- B. Overlapping - flat surface away from jamb
- C. Studs back to back
- D. Studs form box (special bracket needed)

Standard bracket for installations A, B, and C, shown with EC1217 Rose and Thumbturn

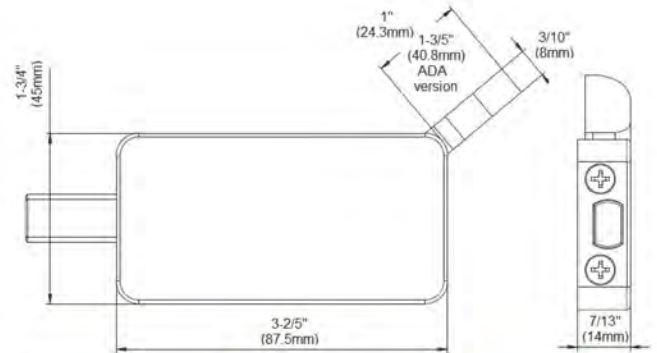

Special bracket, faceplate, and exploded diagram of lock for installation D, shown with TT17 Thumbturn

• Order **BD-BRIX-MS**

## BD1000 Privacy Lock Surface Mounted

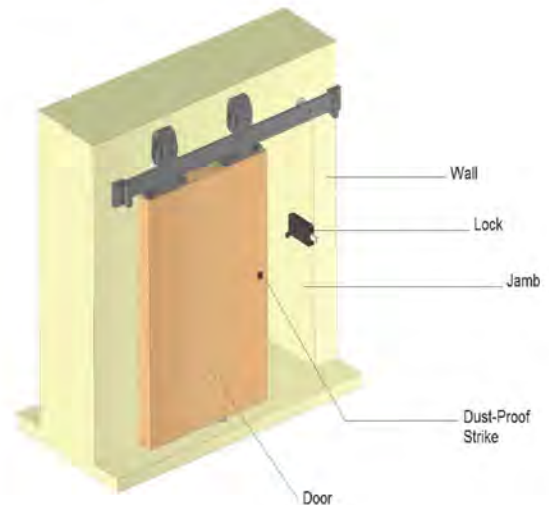

See [www.inoxproducts.com/resources/How-To-Videos/](http://www.inoxproducts.com/resources/How-To-Videos/) for installation instructions.

### Application

- Simple, easy to install surface-mounted privacy lock for barn door openings
- Either residential or commercial application
- Field reversible thumb-lever (TT22), and ADA thumb-lever (TT23) available

### Installation

- Discrete screw fixing to jamb; no need to drill drywall or studs or harm decorative molding
- Dust-proof strike installed in the barn door
- Release button with decorative cap installed on outside of door for emergency release
- Minimum 1" door overlap required

### Lock

- Small, visually discrete 3-2/5" x 1-3/4" x 7/13" Lock Case
- Standard Thumb-lever: 1" (order BD1022)
- Also available with ADA Thumb-lever: 1-3/5" (order BD1023)

### Finishes

- US32 (629) Bright Stainless Steel
- US32D (630) Satin Stainless Steel
- US10B (613) Oil Rubbed Bronze
- 19G - Graphite Black
- PVD4 - Satin Brass

**BD1022**  
Standard 1"  
Thumb-lever

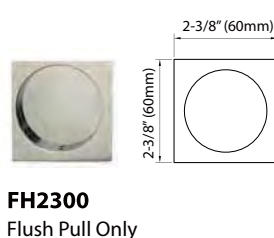

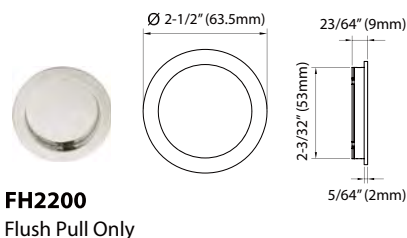

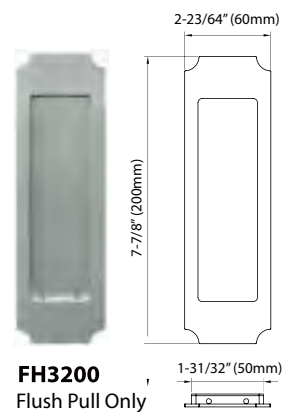

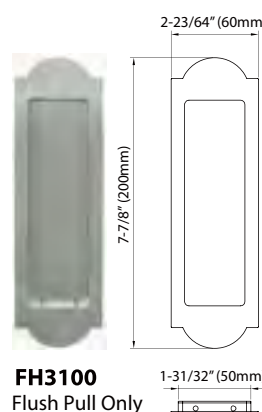

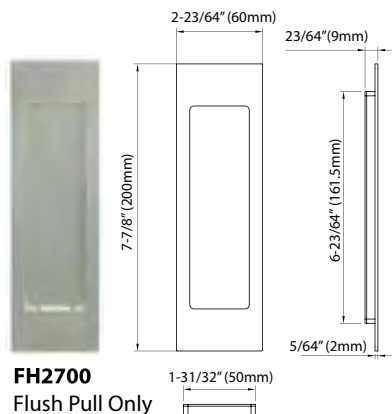

**BD1023**  
ADA 1-3/5"  
Thumb-lever

- 3) Stainless steel or brass faceplate, 2mm thick
- 4) Vertically adjustable strike (shown); optional 2D Adjustable Strike available (PD-ADJ-2D-STRK) - see page 25

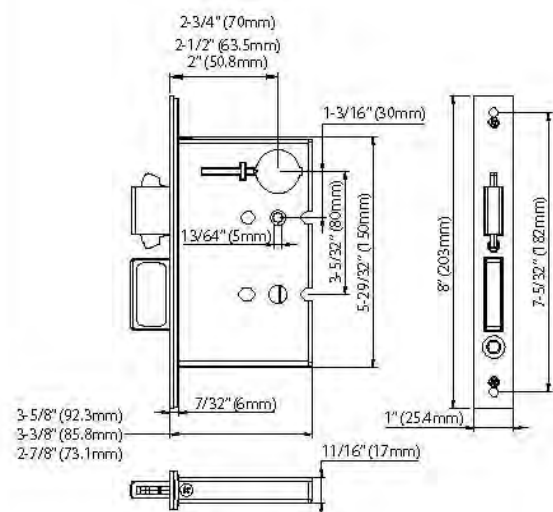

### PD8000 Series Mortise Lock

#### PD84 : Lockcase with Deadbolt and Edge Pull

Available in 3 backsets: 2", 2-1/2", and 2-3/4"

- 1) Brass deadbolt with 1" throw (for 2-1/2" or 2-3/4" backset locks) or 3/4" throw (for 2" backset lock)
- 2) Self-retracting hook with non-marring latch bolt
- 3) Spring-loaded edge pull with unique internal sound buffer
- 4) Solid brass push button to activate edge pull
- 5) Stainless steel or brass faceplate, 2mm thick
- 6) Vertically adjustable strike (shown); optional 2D Adjustable Strike available (PD-ADJ-2D-STRK) - see page 25

## PD8000/PD5000 Mortise Locks with ADA Surface Pulls for Sliding Doors

### How to Order

#### 1. Select Lock Case

PD5000 Series (See page 16):

PD5215 = Inactive - Passage with built-in Dust Proof Strike for inactive pair door. No edge pull

PD5340 = Privacy with Thumbturn and release. No edge pull

PD5350 = Entry with Single Cylinder and Thumbturn. No edge pull

PD5360 = Patio with Thumbturn only. No edge pull

PD8000 Series (See page 18):

PD8215 = Inactive - Passage with built-in Dust Proof Strike for inactive pair door. No edge pull

PD8340 = Privacy with Thumbturn and release. No edge pull.

PD8350 = Entry with Single Cylinder and Thumbturn. No edge pull.

PD8360 = Patio with Thumbturn only. No edge pull.

Stipulate Backset:

BLANK = 2-3/4"

A = 2-1/2"

B = 2"

(e.g., PD8215-A is a PD8215 lock with 2-1/2" backset)

#### 2. Select ADA Compliant Pull

ADA Pulls (See page 21):

PHIX30108 = C-Shaped (Dia. 3/4") 8" CTC

PHIX31108 = U-Shaped (Dia. 3/4") 8" CTC

PHIX330.512.8 = T-Shaped (Dia. 7/8") 5-1/2" CTC

PHIX41714 = NY New York (Dia. 1") 7-1/4" CTC

PHIX45714 = MH Manhattan (1" x 1/2") 7-1/4" CTC

#### 3. Select Thumbturn

ADA Thumbturn (See page 24):

EC-R460TT07 = Thumbturn on escutcheon only

EC-R460PVS-ADA = Thumbturn & Emergency Release

#### 3. Select Cylinder (for Entry Function)

Mortise Cylinders (See page 23):

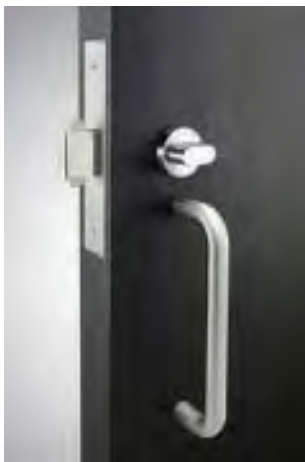

CMB0345 = 15/16" for 1-3/4" door (standard)

CMB105 = 1" for 2" door

CMB1186 = 1-1/8" for 2-1/4" door

CMB1146 = 1-1/4" for 2-1/2" door

## PD5000 Sliding & Pocket Door Locks

Sliding Door

Pocket Door

### Specifications

- Standard door thickness: 1-3/4" (45mm). Thick Door Kits available
- For 1-3/8" (35mm) thick pocket doors, use FH27SL, FH22CF, or FH23CF flush pull options
- Backset options:
  - PD50: 2" or 2-1/2" / 2-3/4" (fits both)
  - PD52: 2-1/2" / 2-3/4" (fits both)
  - PD53: 2" (51mm), 2-1/2" (64.5mm), or 2-3/4" (70mm)
- Handing: Non-Handed
- Thumbturn Spindle: 5x5mm square
- Deadbolt: 1" (25.4mm)
- Cylinder: Schlage C keyway 5 pin mortise cylinder with 2 keys (KD). Keying Services available; order separately

### Lock Options

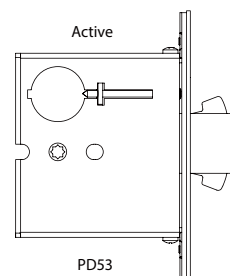

**PD50** (2-1/2" / 2-3/4" Backset)

	<p><b>DP</b> <b>Dummy/Passage without Lock Case</b></p>		<p><b>PD8460</b> <b>Patio</b> Deadbolt operated by Thumbturn from inside only. <b>Edge finger pull operated by the push button.</b></p>

**Americans with Disabilities Act (ADA) Compliance**

Our ADA\* compliant pocket door hardware meets the "no grasp", "no pinch" requirements of ADA Standard 4.13.9.

The pocket door opening must have a clear width of 32" according to the ADA Standard 404.2.3\*\*\*. When sliding doors are fully open, operating hardware shall be exposed and usable from both sides.

To accommodate these requirements, the total pocket door opening must be a MINIMUM of 36". The door must protrude a minimum of 4" from the jamb in order to install the ADA pocket door hardware on the door.

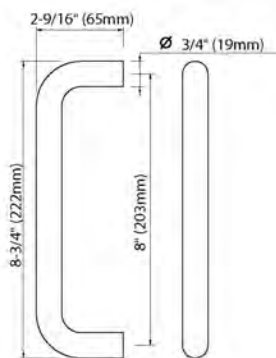

The hardware must be installed 34" above the finished floor or ground, giving the hardware a height of 47" (the maximum is 48") from the finished floor, meeting ADA Standard 404.2.7\*\*\*.

**\* Americans with Disabilities Act**

**\*\*\* The ADA Standard 404.2.3 is from the Department of Justice ADA Publication dated September 15, 2012. INOX recommends the end user double check all State and Federal standards for your particular project.**

## INOX® Vertically Adjustable and 2D Adjustable Strikes (Patent Pending)

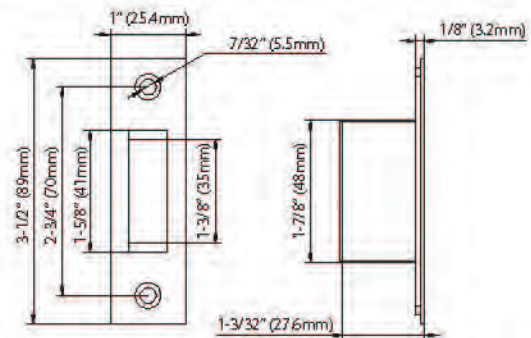

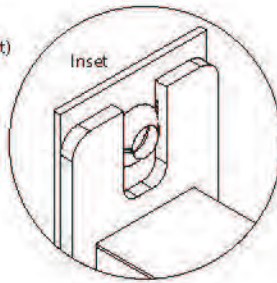

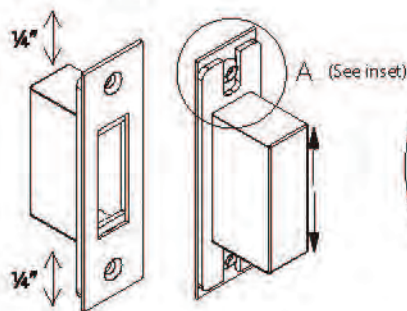

The INOX® Vertically Adjustable Strike offers a distinctive, patent pending construction that allows adjustment of the dust box up to  $\frac{1}{4}$ " vertically.

The optional INOX 2D Adjustable Strike gives the installer the ability to fine-tune the gap between door and frame with a simple adjustment of the built-in strike screws, ensuring a perfect fit.

- Can be adjusted before or after installation
- No modification to the door frame is necessary for adjustment
- Faceplate remains locked in place while the dust point is adjusted
- Once set, our unique slotted system holds the dust box and faceplate rigid for smooth door opening and closing
- With INOX® 2D Adjustable Strike, the strike plate screws pull the lock/door closer to the frame to minimize the gap, or widens the gap up to 3mm between door and frame to allow tolerances for weather stripping. See illustration below
- INOX® Adjustable and 2D Adjustable Strikes ensure perfect fit with easy installation

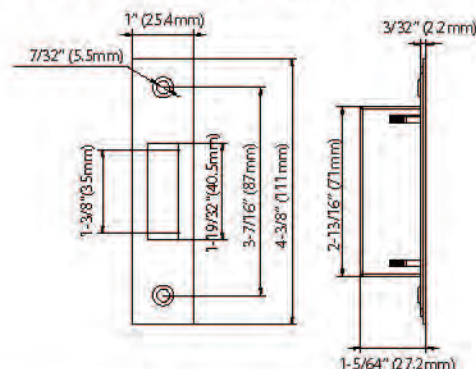

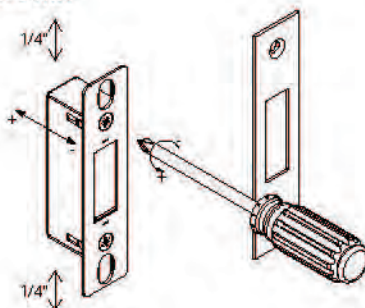

### Vertically Adjustable Strike PD-ADJ-STRK

Standard with INOX PD8000 & PD5000 Pocket & Sliding Door Locks

### 2D Adjustable Strike PD-ADJ-2D-STRK

Special Order with INOX PD8000 & PD5000 Pocket & Sliding Door Locks

**PD8000 & PD5000 Mortise Locks  
with Flush Pulls for Pocket Doors**

**PD8000 with FH27 Linear Flush Pull**

**PD8000 with FH31 Regal Flush Pull**

**PD5000 with FH22 Luna Flush Pull**

**PD5000 with FH32 Crown Flush Pull**

## PD8000/PD5000 Mortise Locks with Flush Pulls for Pocket Door

### How to Order

1. Specify/Order Flush Pull Locksets using complete codes as below:

#### Product Identification

**FH27 PD8450 -B -TT09 -32D**

##### Finish:

US3 (605) Bright Brass - Lifetime PVD  
 US4 (606) Satin Brass - Lifetime PVD  
 US7 (608) French Antique  
 US10B (613) Oil Rubbed Bronze  
 19G Graphite Black  
 US14 (618) Polished Nickel (Brass) - Lifetime PVD  
 US15 (619) Satin Nickel (Brass)  
 US26 (625) Polished Chrome (Brass)  
 US26D (626) Satin Chrome (Brass)  
 US32 (629) Bright Stainless Steel - Lifetime  
 US32D (630) Satin Stainless Steel - Lifetime  
 38 - Aged Brass

##### Ceramic Coating:

C19G - Ceramic Graphite Black  
 C19 - Ceramic Flat Black  
 CGY - Ceramic Stormy Grey  
 CDB - Ceramic Dark Bronze

Please see inside front cover and pg. 35 for Finish options and additional information

##### Thumbturn:

Blank = Privacy w/TT08 Thumbturn  
 -TT09 = Privacy w/TT09 Thumbturn (for FH27/29/31/32 Flush Pull only)

##### Backset:

-BLANK = 2-3/4"  
 -A = 2-1/2"  
 -B = 2"

##### Function:

PD8010 = Passage used as Flush Pull or matching trim on pair of doors. Push button activates edge pull  
 PD8115 = Passage used as Dust Proof Strike on inactive side of pair of doors; push button activates edge pull  
 PD8440 = Privacy with Thumbturn and Release. Push button activates edge pull  
 PD8450 = Entry with Single Cylinder and Thumb-turn. Push button activates edge pull  
 PD8460 = Patio with Thumbturn only. Push button activates edge pull  
 PD5010 = Passage used as Flush Pull or matching trim on pair of doors. Push button activates edge pull  
 DP = Dummy/Passage. No lock case edge pull

**Note:** PD8115, PD8450, PD5010 are not suitable for 27SL, 22CF, 23CF Slim Trim

##### Flush Pull Design:

**NOTE:** Doors 1-3/4" or thicker: Order any Flush Pull

**Doors 1-3/8" = Order FH27SL, FH22CF or FH23CF ONLY** (See pages 28 and 34)

FH27 = Linear series  
 FH27SL = Linear Slim Trim for 1-3/8" thick door  
 FH29 = Arc series  
 FH31 = Regal series  
 FH32 = Crown series  
 FH22 = Luna series  
 FH23 = Urban series

##### Concealed Fixing

FH22CF = Luna for 1-3/8" and thicker door  
 FH23CF = Urban for 1-3/8" and thicker door

## FH27 Linear Flush Pull

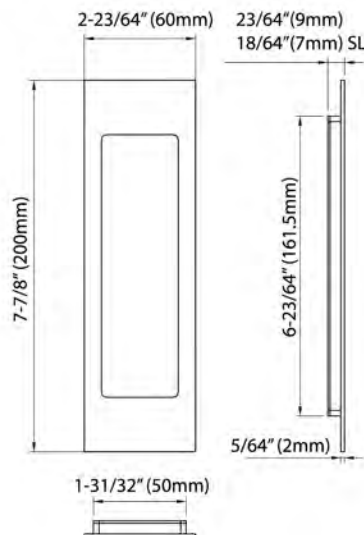

For PD8000/PD5000 Sliding & Pocket Door Locks

FH27 w/PD84

FH27 w/PD50

### Specifications

- Standard Door Thickness: 1-3/4" (45mm)  
Thick Door Kits available
- Slim Trim (FH27SL) available for 1-3/8" (35mm) doors
- Handing: Non-Handed
- Thumbturn Spindle: 5x5mm square
- Deadbolt: 1" (25.4mm)
- Cylinder: Schlage C keyway 5 pin mortise cylinder with 2 keys (KD). Keying services available; order separately

### Application

For Residential or Commercial application

### Material

Stainless Steel/Brass

### Options

Trim	Door Thickness	Fixing Type

Flush Pull w/  
Thumbturn  
Release

## FH32 Crown Flush Pull

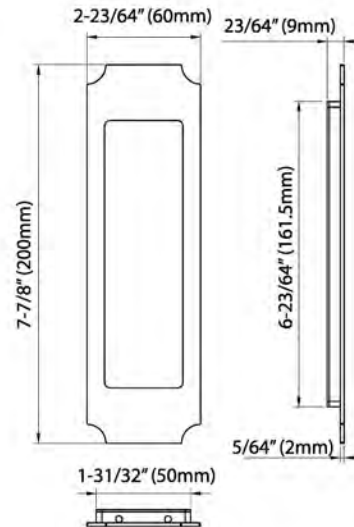

For PD8000/PD5000 Sliding & Pocket Door Locks

FH32 w/PD84

FH32 w/PD50

### Specifications

- Standard Door Thickness: 1-3/4" (45mm)  
Thick Door Kits available
- Handing: Non-Handed
- Thumbturn Spindle: 5x5mm square
- Deadbolt: 1" (25.4mm)
- Cylinder: Schlage C keyway 5 pin mortise cylinder with 2 keys (KD). Keying services available; order separately

### Application

For residential, hospitality or commercial application

### Material

Stainless Steel/Brass

### Finish

See page 35 for Finish options.

**Note:** FH32 Crown Trim cannot be installed on 1-3/8" doors. For 1-3/8" thick doors, order FH27SL (see page 28).  
Also available: FH22CF or FH23CF (see page 34).

**FH3200**  
Flush Pull Only

**FH3203**  
Flush Pull w/  
Cylinder Hole

**FH3282**  
Flush Pull  
w/ TT08  
Thumbturn

**FH3292**  
Flush Pull  
w/ TT09  
Thumbturn

**FH3204**  
Flush Pull w/  
Thumbturn  
Release

## FH22 Luna Flush Pull

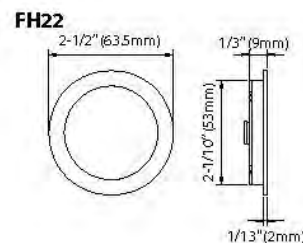

For PD8000/PD5000 Sliding & Pocket Door Locks

FH22 with PD84

FH22 with PD50

### Specifications

- Standard Door Thickness: 1-3/4" (45mm)  
Thick Door Kits available
- 1-3/8" Door Thickness: Use FH22CF
- Handing: Non-Handed
- Thumbturn Spindle: 5x5mm square
- Deadbolt: 1" (25.4mm)
- Cylinder: Schlage C keyway 5 pin mortise cylinder with 2 keys (KD). Keying services available; order separately

### Application

For residential, hospitality or commercial application

### Material

Stainless Steel/Brass

### Finish

See page 35 for Finish options.

### Trim Options

**Note:** FH22 Luna Trim cannot be installed on 1-3/8" doors. For 1-3/8" thick doors, order FH22CF (see page 34).

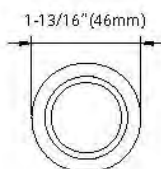

#### Standard FH22 Luna trim - For doors 1-3/4" thick

**FH2200**  
Flush Pull Only

**FH2203**  
Flush Pull with  
Cylinder Hole

**FH2282**  
Flush Pull  
with TT08 Thumbturn

**FH2204**  
Flush Pull with  
Thumbturn Release

## FH23 Urban Flush Pull

For PD8000/PD5000 Sliding & Pocket Door Locks

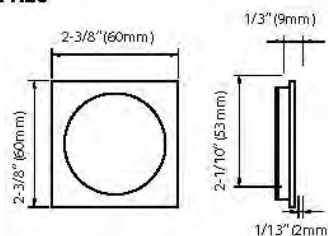

FH23 w/PD84

FH23 w/PD50

### FH23

#### Specifications

- Standard Door Thickness: 1-3/4" (45mm)  
Thick door kits available
- 1-3/8" Door Thickness: Use FH23CF
- Handing: Non-Handed
- Thumbturn Spindle: 5x5mm square
- Deadbolt: 1" (25.4mm)
- Cylinder: Schlage C keyway 5 pin mortise cylinder with 2 keys (KD). Keying services available; order separately

#### Application

For residential, hospitality or commercial application

#### Material

Stainless Steel/Brass

#### Finish

See page 35 for Finish options.

#### Trim Options

**Note:** FH23 Urban Trim cannot be installed on 1-3/8" doors. For 1-3/8" thick doors, order FH23CF (see page 34).

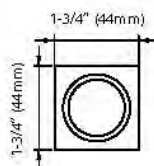

#### Standard FH23 Urban Trim for doors 1-3/4"

**FH2300**  
Flush Pull Only

**FH2303**  
Flush Pull with  
Cylinder Hole

**FH2382**  
Flush Pull with  
TT08 Thumbturn

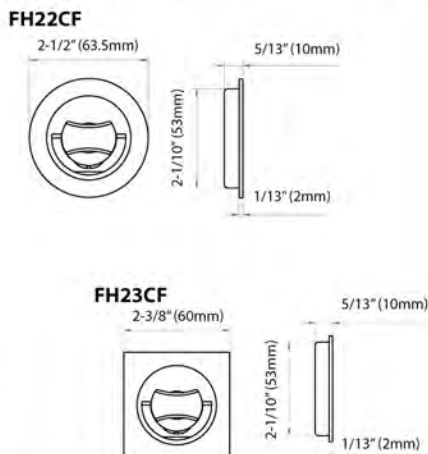

**FH2304**  
Flush Pull with  
Thumbturn Release

## FH22CF Luna & FH23CF Urban Concealed Fixing Flush Pulls For PD8000/PD5000 Sliding & Pocket Door Locks for doors 1-3/8" and Thicker

FH22CF (Concealed Fixing)  
with PD84

FH23CF (Concealed Fixing)  
with PD84

### Specifications

- Standard Door Thickness: 1-3/8" or thicker  
Thick Door Kits available
- Handing: Non-Handed
- Thumbturn Spindle: 5x5mm square
- Deadbolt: 1" (25.4mm)
- Cylinder: Schlage C keyway 5 pin mortise cylinder with 2 keys (KD). Keying services available; order separately

### Application

For residential, hospitality or commercial application
