Piezoelectric Button Green & Red Illumination

Applications

Designed for indoor, outdoor, commercial, and industrial egress applications
Ideal for harsh or high traffic conditions

PRODUCT SPECIFICATIONS

Case Quantity:
12

Electrical Specifications:
Idle-30mA, Active-150mA @12-24VDC
SPDT, dry 3A @ 30 VDC

Features:
Vandal-resistant stainless steel piezoelectric button
3/32" (2 mm) stainless steel vandal resistant faceplate
Adjustable timer output, 1-35 seconds

LED Indicators:
Selectable bi-color illumination status (Relay OFF - red or green)
(Relay ON - red or green)

Material:
Stainless Steel

Mechanical:
Button Switch:
1 billion cycle life expectancy

Operating Temperature:
0° to 160°F (-40° to 71°C)

Product Name:
Stainless Steel Piezoelectric Request-to-Exit Switch

Size:
4-3/4" Height
3" Width
1-1/8" Depth

Warranty:
1 Year
