WARNING:

This application is intended to be a 'hands free' application using a forearm or wrist engagement to the pull in a normal swinging door load and operation with minimized touch. There can be damage and possible voiding of the warranty if mis-installed or the product is abused in instances of but not limited to:

- Product installation without proper adjustments to door stops to avoid impact to a wall.
- Abuse to the pull by means of excessive force, twist, or push beyond normal hands free pull operation.
- Lack of thru bolt installation.
