

Rockwood Architectural Door Pulls with Hands-Free Options

ASSA ABLOY
Opening Solutions

Experience a safer
and more open world

Safer2Open™ Solutions

The ASSA ABLOY Group is the global leader in access solutions. Every day we help people feel safe, secure and experience a more open world.

Rockwood Architectural Pulls with Hands-Free Options

Preserve good design while presenting safer hands-free options. Rockwood Architectural Door Pulls are made from top-grade materials and come in the finest finishes.

A selection of our most popular door pulls can be configured with extended posts and/or closer posts, to easily allow for your arm to be placed above, below, or through the pull, limiting touchpoints.

Rockwood Hands-Free Door Pulls are part of a continuum of Safer2Open™ low-touch and touchless door hardware solutions from ASSA ABLOY.
